

Dairy SPR Information Checklist

By filling out this form, you agree to participate in Horizon Farm Credit's Dairy Success and Profitability Review (Dairy SPR) benchmark program in 2024. All information provided is confidential. Only summarized information by herd size groups are available to participating farms.

PREFERENCE CONTACT METHOD: EMAIL: PREFERENCE CONTACT METHOD: PHONE EMAIL: PREFERENCE CONTACT METHOD: PHONE EMAIL ARE YOU A HORIZON FARM CREDIT TAX AND/OR RECORDS CUSTOMER? YES NO 1. Complete a detailed balance sheet as of 12/31/2023. If you have a balance sheet from a CPA or other source, please return it with this form. If you already submitted a balance sheet to Farm Credit, you do not need to submit an additional balance sheet. First year Dairy SPR participants must also provide a balance sheet as of 12/31/2022. 2. Provide a full copy of your 2023 income tax return (plus depreciation schedule). If you work with an outside accountant, reach out to your Farm Credit contact for a release form so your accountant can provide your tax return directly for Farm Credit. Some accountants do not automatically include your depreciation schedule, so you may need to ask for it separately. If you are not able to provide a tax return, please provide one of the following: • Computer Records - Preferably a back-up of your file if using QuickBooks or CenterPoint software. Otherwise, provide a detailed Profit & Loss Report and Cash Flow Statement. • Paper Records - Rosie Zaginaylo for assistance. 3. Provide access or copies of your monthly milk checks. These should include your December 2022 milk check and all 12 monthly milk checks for 2023. You have three options for providing milk check information. Please select the option of your choice: Complete and sign a consent form for your milk cooperative. (Available for Land O'Lakes, Maryland & Virginia and DFA-Northeast) Provide login information to obtain records online directly from your milk handler. Milk handler name: Username: Password: Provide copies of the necessary 13 monthly milk checks (January – January). 4. Provide access to DHIA data or herd information. Identify which option Farm Credit should use to access this information: Provide herd and RAC codes for Farm Credit to access the information electronically. Herd Code (8 di	FARM I	NAME:
