

AG BIZ MASTERS

LIVE March Year 1 Webinar

Building a Balance Sheet Webinar

Wednesday, March 4, 2026

12:00 P.M. **Welcome**

12:02 P.M. **Balance Sheet Where Do You Stand? Presented by Danny Jordan**

In this session, beginning farmers will learn how a balance sheet provides a snapshot of a farm's financial position at a specific point in time. Participants will identify and classify assets and liabilities as current or non-current and apply the accounting equation $\text{Assets} = \text{Liabilities} + \text{Owner Equity}$. The lesson explores key financial indicators, including net worth, working capital, and the debt-to-asset ratio, and what they reveal about farm financial health. By the end of the session, participants will build a basic balance sheet for their own farm or agribusiness using guided examples.

1:00 P.M. **Alumni Spotlight**

1:25 P.M. **Wrap-Up and Next Steps**

Answer any remaining questions from participants and wrap-up. Please feel free to share any closing remarks on the topics discussed throughout the meeting.

1:30 P.M. **Conclude**
